

Swiss Camp Leissigen :

Our youth hostel, the “Albert Wander Haus”, named after the inventor of the famous Swiss speciality drink “Ovomaltine” is situated in the idyllic village of Leissigen, right on the Lake of Thun with easy access to and from Interlaken and Spiez. The energising view over the lake and the splendid surrounding foothills of the Berner Alps along with the fresh air and beautiful grounds will inspire all to enjoy nature in its purest form. This unique panorama accompanies us throughout the week’s activities. The “Albert Wander Haus” offers plenty of space for fun and action in its wide open surroundings and on the private pebble beach. Here you can enjoy the swim float, rowing boat and

surfboards for paddling.
